

ISO 14001: 2015 ENVIRONMENTAL MANAGEMENT SYSTEM — IMPLEMENTING

COURSE DURATION: 2 DAYS

COURSE OVERVIEW

Environmental considerations are increasingly important to stakeholders. This two-day course will give you the expertise to implement an ISO14001: 2015 Environmental Management System (EMS) that will satisfy stakeholder needs and bring added business efficiencies.

WHO IS IT FOR?

- Business owners and managers with responsibility for planning, implementing, maintaining, supervising, or auditing of an ISO 14001:2015 QMS.

BENEFITS

This course will help your organisation to:

- Identify the key benefits of implementing an effective QMS.
- Develop a plan and determine the resources required for implementation.
- Use proven tools and techniques to support implementation.
- Implement a system that considers socio-economic needs and environmental conditions.
- Prepare for certification.
- Provide products and services that consistently meet customer and regulatory environmental requirements.

COURSE CONTENT

- Key concepts and requirements of ISO 14001:2015
- Implementing key concepts and requirements
- Using the Plan-Do-Check-Act cycle
- Documenting information to satisfy an ISO 14001:2015 audit
- Using gap analysis to conduct a baseline review of your current system
