

## ISO 50001: 2011 ENERGY MANAGEMENT SYSTEM — INTERNAL AUDITOR

**COURSE DURATION: 2 DAYS**

### COURSE OVERVIEW

Becoming an internal auditor will help you review and improve your organisation's energy management system. This two-day course guides you through the elements of auditing based on ISO50001: 2011.

**Through discussion and hands-on exercises, you'll learn how to:**

- Apply the ISO50001 standard to your organisation.
- Plan, conduct and report on an internal audit.
- Review the effectiveness of an energy management system to:
  - Reduce energy costs.
  - Reduce carbon emissions.
  - Enhance your reputation.
- Integrate ISO50001 audits with other management systems such as ISO14001 and ISO19001: 2015.

### WHO IS IT FOR?

- New and existing internal auditors
- Managers and senior supervisors with responsibilities for planning, implementing, monitoring and auditing of an EnMS

### BENEFITS

This course will equip anyone with auditing responsibility with a thorough understanding of:

- The processes involved with auditing an EnMS.
- How to identify areas of concern and areas for improvement.
- How to reduce risk and reoccurrences of problems.
